Index Methodology

Eligibility Criteria for Selection of Constituent Stocks:

- i. Companies must rank within the top 800 by average full market capitalisation and average daily turnover for the last six months.
- ii. Companies should form a part of infrastructure sector.
- iii. Companies that are allowed to trade in F&O segment are only eligible to be constituent of the index.
- iv. The company's trading frequency should be at least 90% in the last six months.
- v. The company should have a listing history of 6 months. A company, which comes out with an IPO will be eligible for inclusion in the index, if it fulfills the normal eligibility criteria for the index for a 3 month period instead of a 6 month period.
- vi. Final selection of companies shall be done based on the free-float market capitalization of the companies.
- vii. Weightage of each stock in the index is calculated based on its free-float market capitalization such that no single stock shall be more than 34% and weightage of top 3 stocks cumulatively shall not be more than 63% at the time of rebalancing.

Index Re-Balancing:

Index is re-balanced on semi-annual basis. The cut-off date is January 31 and July 31 of each year, i.e. For semi-annual review of indices, average data for six months ending the cut-off date is considered. Four weeks prior notice is given to market from the date of change.

Index Governance:

A professional team manages all NSE indices. There is a three-tier governance structure comprising the Board of Directors of NSE Indices Limited, the Index Advisory Committee (Equity) and the Index Maintenance Sub-Committee.
