NSE Indices launches Nifty Next 100 Index

NSE's index services subsidiary, NSE Indices Limited today launched a new broad-based index – Nifty Next 100.

The Nifty Next 100 aims to track the performance of a 100 stock portfolio constructed by selecting 50 stocks from Nifty Next 50 and top 50 stocks from Nifty Midcap 150, selected based on their 6-month Avg. Free-float market Capitalization. Index is free-float market capitalization weighted.

The base date for the index is October 01, 2010 and the base value is 1000. The index is reconstituted on a semi-annual basis in March and September.

The new index is expected to act as benchmark for asset managers and be reference index tracked by passive funds in the form of Exchange Traded Funds (ETFs), index funds and structured products.

For more information on index methodology and factsheets, please visit us at www.niftyindices.com or www.nseindia.com.

About NSE Indices Limited:

NSE Indices Limited (formerly known as India Index Services & Products Ltd. - IISL), a subsidiary of NSE, provides a variety of indices and index related services for the capital markets. The company focuses on the index as a core product. The company owns and manages a portfolio of indices under the Nifty brand of NSE, including the flagship index, the Nifty 50. Nifty equity indices comprises broad-based benchmark indices, sectoral indices, strategy indices, thematic indices, and customised indices. NSE Indices Limited also maintains fixed income indices based on Government of India securities, corporate bonds, money market instruments and hybrid indices. Many investment products based on Nifty indices have been developed within India and abroad. These include index-based derivatives traded on NSE and NSE International Exchange IFSC Limited (NSE IX) and a number of index funds and exchange traded funds. The flagship 'Nifty 50' index is widely tracked and traded as the benchmark for Indian Capital Markets.
